In the original publication [1], the author Abbas Rahdar's email is replaced with a.rahdarnanophysics@gmail.com.

Following the publication, concerns relating to some citations were brought to the attention of the authors and the Editorial Office.

Adhering to our complaints procedure, an investigation was conducted by the authors, the Editorial Office, and Editorial Board, which confirmed that the references [49–72] include a certain number of self-citations [1], which is against our citation policies (https://www.mdpi.com/ethics#_bookmark20). As a result, the authors, the Editorial Office, and Editorial Board have decided to remove the references [49–72] in Section 1 as per MDPI's correction policy (https://www.mdpi.com/ethics#_bookmark30). References [73–160] in the original publication were updated to [49–136] accordingly.

The authors state that the scientific conclusions are unaffected. This correction was approved by the Academic Editor. The original publication has also been updated.
